

*Application No. 11/646,503*

AMENDMENTS TO THE SPECIFICATION:

Please delete the title "FUNCTIONAL GUMS, LOZENGES AND LOLLIPOPS" and insert therefore "CHEWING GUM CONTAINING CALCIUM".

Please replace the full paragraph beginning on page 14 and ending on page 15 with the following rewritten paragraph.

-- The amounts of all or some of these ingredients can vary, preferably being present in an amount between no less than about .05 mg to more than about 30 mg. The size of the gum exterior can be made of a size less than 4.5 grams to more than 18.4 grams with the cavity center being able to accommodate a volume between .5 mg to more than 5 grams. The lollipop can be a total size of less than .65 oz. with the cavity center being a volume of no more than .42 oz. and no less than 4.5 grams, to a size larger than 1.35 oz. with a cavity center being of at least 19 grams. --
